WORK EXPERIENCE

Ernst & Young LLP

Oct. 2019 – Present

Senior Consultant

New York, NY

- Assisted in regulatory trading schedule data transformation and reconciliation recommendation through the analysis of current-state systems landscape and key data elements hops.
- Served as program manager as part of large-scale, multi-workstream regulatory response efforts, ensuring key milestones and deliverables were met and received - unblocking stakeholders as needed.
- Gap assessed a large, public bank's risk operating model through the evaluation of existing framework components and defined target-state implementation roadmap.
- Collaborated with internal teams on a variety of sales pursuits to create pitch materials, budgets, and engagement economics.

Deloitte & Touche LLP

Aug. 2017 – Sept. 2019

Consultant

New York, NY

- Managed team of analysts in the execution of customer due diligence strategy to ensure quality, consistency, and accuracy of time sensitive client deliverables.
- Served as direct liaison for teams of Asia Pacific financial advisors to support effective change Management in response to new regulatory requirements.
- Coordinated with client technology team to strategize a risk dashboard visualization, providing a real-time view into trading activity at individual, desk, and group level.

MD Global Partners LLC

Nov. 2016 – Jan. 2017

Investment Banking Analyst Intern

New York, NY

- Identified, and evaluated middle market distressed debt investment opportunities through due diligence, financial statement analysis, and discounted cash flow modelling.
- Participated in the restructuring deal of a Greek logistics company, aiding the client-side Managing Director and CFO on the raising of convertible debt investment and share purchase pitching.
